

A group of people is gathered in a modern, industrial-style space, likely a co-working office or event space. The room features exposed pipes, ductwork, and concrete walls. In the background, a wall is covered with a grid of small, framed documents or posters. A sign with a red arrow logo and the text "Sustainable Ventures" is visible on the wall. Several people are wearing dark blue t-shirts with the "Sustainable Ventures" logo. The atmosphere is casual and professional, with people engaged in conversations. Large green plants are visible in the foreground, adding a natural touch to the industrial setting.

Events at
**Sustainable
Ventures.**

Welcome to the home of climate tech.

We are a full service ecosystem empowering sustainable startups to scale through **community**, **investment**, **innovation** and **workspace**.

At Sustainable Ventures, we believe in the power of commercial innovation to tackle climate change and resource scarcity.

On our journey so far, we have supported over 500 sustainable businesses and invested in 43 climate tech startups, more than any other investor in the UK.

Our team includes some of the country's most talented sector specialist venture development and investment professionals, all dedicated to creating value for our community whilst making the world a better place.

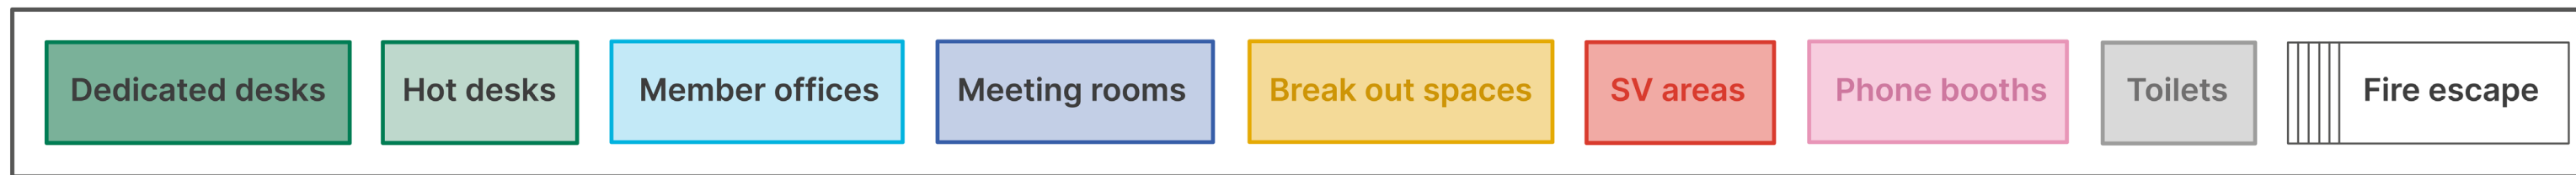

County Hall London

Our flagship space hosts an **ever-growing community** of businesses working to tackle the climate crisis.

Our County Hall HQ, launched in May 2023, is now home to the largest hub for sustainable organisations in Europe.

Within this prominent London landmark, we've curated a series of unique spaces, incorporating sustainable design, historic features and the inspirational stories of our community.

This setting provides an unforgettable backdrop to come together as a team and impress guests alike.

Our offering

Our dedicated events team is on hand to help you to create bespoke events, centred about sustainability.
